

ALCL-80X

Made in Japan

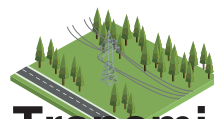

Digital arrester tester

Leakage and Harmonics Current Measurements For Arrester

-  Measurement Value
-  Measurement time
-  Temperature and humidity
-  Measurement point

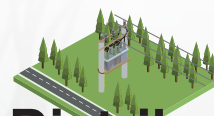

Substation

Transmission line

Railway

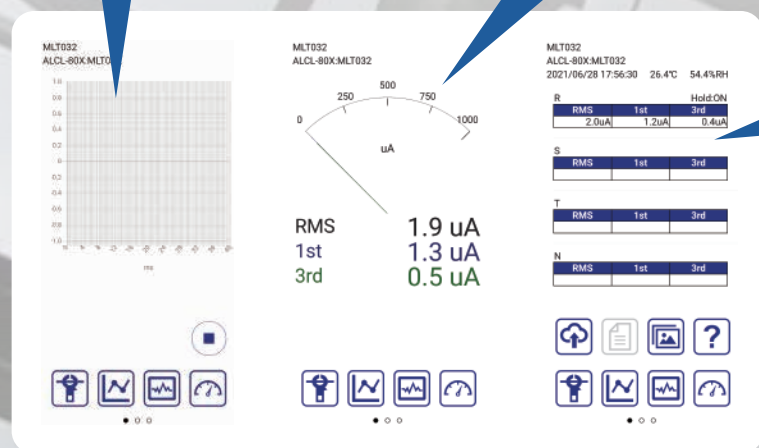

Distribution line

Simultaneous waveform current display of RMS/1st harmonics/3rd harmonics(planned)

Simultaneous measurement of RMS/1st harmonics/3rd harmonics each current values at a time

Diagnostic of the surge arrester healthiness

Simultaneous display of up to 4 measured values for 3phase 4lines

Our APP "Multi-Tracer"

Your office

Cloud server

Your Smartphone

Or

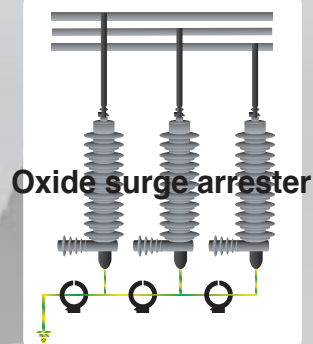

MDU-200X

Record/Hold data in 12 space for RMS/1st harmonics/3rd harmonics each current values of 3phase 4line

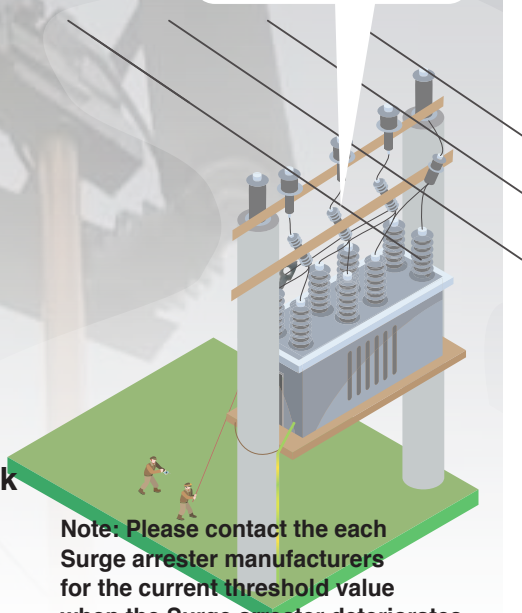

ALCL-80X

Your Hotstick

Oxide surge arrester

Note: Please contact the each Surge arrester manufacturers for the current threshold value when the Surge arrester deteriorates.
