Established. 1986, Tokyo

Voltage range	Up to AC 36kV
Frequency	50 and 60Hz
Applicable distance (Sensitive range)	3300V Approx.0.8m 30000V Approx.3.4m 36000V Approx.3.8m
Flashing	Confirmable by 8000lx illuminance
Beeping	More than 70dB away from 1m
Operating Temperature	-10~50℃
Power Supply	AAA battery (LR6 1.5V)*2(Running time around 35h)
Weight	Approx.200g
